

Master Your Voice Energize Your Presentation

What you will learn

Voice Optimization: Placement, Projection, Strength, Stamina, Inflection, Pacing, Vocal Health, Microphone Technique for those larger events, and how to connect with your audience.

“Communication works best for those who work at it.”

Learn how to develop your speaking potential following Mitch Seekins' simple system for maximum impact. Mitch will work with your organization in-person or online. Sessions can be booked for large groups, teams or 1:1 personal coaching.

Participants can request a personalized vocal development/warm up file that they can keep and use to continue to develop their voice & prep before any presentation.

Voice
Coach
30+ years

“Having run for political office twice, in high profile races, my voice training with Mitch was immensely helpful in powerfully conveying important ideas to the public via speeches, videos, town hall meetings and press conferences. Mitch's coaching is a key part of my ongoing professional development, and I am grateful to have him helping me learn to use my voice for maximum impact.”

Anjali Appadurai – B.C. Provincial NDP Leadership Candidate, Environmental Champion, Community Organizer

“

“When delivering lectures & presentations at work, Mitch's techniques are essential to using my voice effectively in front of a large audience. His strategies are also an excellent aid in my day-to-day activities where speaking clearly is extremely critical for communicating effectively within a team!”

Harsh Deol – BEng, MAsC, P.Eng
